## OUR PRODUCTS AND PATENTS

By opening, purchasing, and/or using Seed Architect's product, purchaser, user, person in possession of the seed, acknowledges they have notice/have reviewed the Pending and/or Issued (a) Patents and (b) Plant Variety Protection (PVP) certificates that may cover this Seed Architects product (the pending and/or Issued (a) Patents and (b) PVPs are found by typing the identification number on the bag tag for the hybrid, inbred or variety in the search box above then hitting enter). These issued or pending patent or PVP certificate numbers listed on this website may not be all-inclusive, and nothing precludes Inari Agriculture from enforcing any patent or PVP rights it may have that are not listed herein, nor preclude it from pursuing any and all legal rights and remedies for uses that are beyond what is specifically specified herein. The purchase, use and/or possession of any Seed Architects product does not convey any license to use this seed, beyond the right to produce a single commercial crop, and to sell that crop for non-propagative purposes. The seed may not be used for any research or product development purposes, analysis, or activities, except for yield and agronomic comparisons. Seed or the crop produced from the seed may not be exported outside the United States, except as forage or grain solely for use in feeding or processing. Inari Agriculture makes no representations or warranties, express or implied, with respect to the completeness or accuracy of the information contained herein, nor any expressed or implied warranties related to freedom to operate with third party patents or PVPs for Seed Architects or other licensees products.
